SERRANO EU Project

**5th Newsletter (May'22 – Aug '22)**

SERRANO *PROGRESS*

Events

In May 2022, SERRANO project partner Chocolate Cloud had an invited talk in Aarhus University Digital Innovation Conference, presenting SERRANO innovations on "Multi-Party Computation meets Random Linear Network Coding for Secure Storage and Analytics".

In May 2022, SERRANO project partner NUBIFICUS participated in 18th Workshop on Virtualization in High-Performance Cloud Computing that took place in Hamburg, presenting SERRANO developments focusing on "Unified workload deployment on heterogeneous HPC clusters".

In June 2022, SERRANO project partner NUBIFICUS participated in the OpenInfra Summit Berlin 2022 with a presentation on "Interoperable Hardware Acceleration for Serverless" and on "Unikernels for Serverless Computing".

In August 2022, NUBIFICUS had an invited talk in 2nd International Workshop on Deployment and Use of Accelerators (DUAC), presenting "Accel: Interoperable Application Hardware Acceleration".

Meetings

The 5th plenary meeting of SERRANO project took place, in Athens, Greece, in ICCS/NTUA premises, on 25-26th May 2022.
