

SERRANO EU Project

9th Newsletter (Sep'23 – Dec '23)

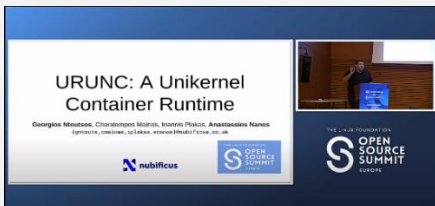

SERRANO REACH

Events

In July 2023, SERRANO partner NUBIFICUS participated in Unikernel Community Meeting Aachen 2023.

NUBIFICUS also participated at the OSSummit Europe, in Bilbao, presenting its opensource and OCI-compatible container runtime, carving the path for unikernel adoption in the cloud-native ecosystem.

In December 2023, SERRANO partner Aristotle University of Thessaloniki (AUTH) organized the IEEE Seasonal School SMART-PLANT.

Awards

inbestMe has been awarded the financial innovation award at the Financial Innovation Awards 2023 as "most disruptive #Fintech".

Meetings

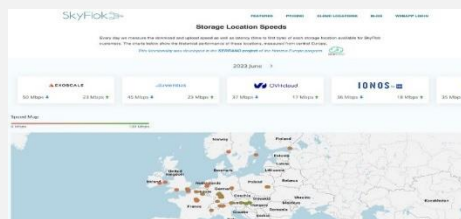

The final SERRANO plenary took place in November, in Athens, ICCS/NTUA. All the UCs and integration results have been presented and discussed.

Online Service

As part of the SERRANO, Chocolate Cloud ApS has measured the speed and latency of a large number of Object Storage providers and their offered regions when measured from central Europe for its SkyFlok service:

at a glance

Project Title: Transparent Application Deployment in a Secure, Accelerated and Cognitive Cloud Continuum

Grant Agreement no: 101017168

Topic: ICT-40-2020 - Cloud Computing: towards a smart cloud computing continuum
Duration: 01/01/2021 – 31/12/2023 (36 months)

EC Contribution: 4,343,180.00 €

Project Coordinator: Prof. Manos Varvarigos, ICCS/NTUA
